

Satan and Sons Demon Visitation Form

Please read this form over and accept the terms below before requesting a visit.

At Satan and Sons we conjure **Outer Spiritual World Demons Gods**. We are the only conjuring service that offers these types of demons and due to the fact that they are Gods, there are certain things that need to be considered before bringing one home.

Outer Spiritual World Demons are Gods who exist Outside of our Universe and Outside of the Spiritual Worlds that are linked to us. This gives them unique abilities and skills over the the energies of the Inner Spiritual world as well as the Energies of the Universe. ***This is why they are so powerful and life changing. They are Gods.***

Working with these beings is very different than working with Earthen Demons or Inner Spiritual World Demons. They are not bound to our energies or our laws and they can shift and alter the world in profound and incredible ways.

We go through a massive series of spells and rituals to conjure and bring these demons here. We take the time to work with each and every one prior to listing them. We know our demons.

Working with a Demon is a life changing and incredible decision. Our demons are safe to work with however they are still very powerful and incredible beings and should be respected. Being around the essence of the demonic divine will shift and change your life.

Being respectful is very simple

~ Don't talk down to them or disrespect them.

~ Don't call them names.

~ Don't verbally attack them.

~ Don't threaten them.

~ Don't do things you know that they don't like (if you genuinely do not know if they do not like something don't worry, they won't get upset for that, this rule is if you do something to them knowing they don't like it and do it anyway).

~ Manners go a long way.

The Demons we conjure will not attack someone who disrespected them, they will simply leave and not come back.

We do not trap, torture, torment, restrain, or limit the freedoms of the demons. This is a practise we condemn and something that has no place on the path of Demonosophy. Not only is it cruel, it is also impossible for an Outer Spiritual World Demon to be contained in this way. They cannot be bound and restrained using archaic methods.

We believe in building connections with demons from a place of respect. The Demons walk with humans because they want to be there, not because they are restrained or forced to.

Our bindings are crafted using powerful rituals which create an energy link between the Demon and a physical manifestation point, called a vessel. For our vessels we use gemstones, metals and sometimes sacred items. The energies of vessels are used to **bridge the connection** between the **physical and the spiritual planes**. **They are not a trap or a prison.**

~ A Connection with an Outer Spiritual World Demon is based on respect. You must respect the demon that you work with and you must show them respect.

~ Respect is one of the highest tenets on this path.

Please read and agree to the terms of a Visit before requesting one.

~ Outer Spiritual World Demons are Gods. They are incredibly powerful and incredibly skilled in many areas. They are beings who are to be treated with respect.

****We condemn methods of abuse, entrapment and torture and if you request a visit, you will agree to treat the demon who visits you, with respect.****

~ Our Demons have been screened and will not harm you or hurt you in any way. Many have been screened for months, some years and we know them. We know their personalities, we know their mannerisms and we know who they are as individuals.

~ **During the visit they are there to meet with you and see if there is an energetic match.** The visits are professional. There will be **NO** cuddling, kissing, touching, or **ANY** sexual play. This is out of respect for the demon and also out of respect for the future companion. Our demons are screened and understand consent and they will respect your boundaries.

~ **Visits are 1 hour long. They will not be longer.** If you think the demon has stayed longer than the hour it is either lingering energies or an imposter entity which is trying to pose as the demon. In either case we suggest that you cleanse yourself and your space. Demons are very respectful and they will not violate the time that is set. **They are there for 1 hour.** Sometimes we have visits that are back to back and it is disrespectful to the other person requesting a visit to say that the demon is staying longer.

For the Visits

If you have any reservations about bringing home a Demon Companion we suggest you explore those feelings and wait.

The perfect demon will show up when you are meant to work with one if that is what you choose to do. **There is no harm or shame in saying that it is not time to work with a demon.**

Demonic Energies are very intense and powerful and they are not for everyone. Some people will not be able to work with the Demonic Divine and that is ok. Some people work better with Angels, Fae, Earthen Demons or Inner Spiritual World Demons and that is ok. Part of the beauty of this path is that it is important to find what aligns and what resonates with you.

Some people experience negative reactions to demonic energies. They can experience negative sounds, voices, images or sensations. This can be caused from a number of things.

- ~ *It could be that you are not attuned to the demonic divine*
- ~ *It could be that there is an entity that is blocking the connection and interfering.*
- ~ *It could mean that there is sludge energy that is around.*
- ~ *It could be a mis-attunement.*

*****Outer Spiritual World Demonic Energies are incredibly intense and some people need to time to adjust to them. Giving your third eye time to adjust to the new energy will resolve this.*****

This is why we say it is imperative that on any spiritual path you work on your spiritual foundation so that you can control what entities are in your space. It is also important to cleanse and it is important that you work on yourself and your personal spiritual practise.

Engaging in any spiritual activity opens you up to the unseen forces and it is important that you learn how to defend yourself. Before working with demons we advise that you take the time to build your spiritual foundation as working with

Resources for building a spiritual foundation can be found here...

Building your Spiritual Foundation

If you experience negative images or sensations from your encounter with the demon then you should immediately cleanse yourself and your space to remove any toxic and sinister entities. **Do not worry, these cleansing methods will not harm the demon who is visiting.**

Cleanse yourself and the Room you are in and then work at strengthening your spiritual shields. You cannot go wrong investing in your spiritual foundation.

Please Note..

Our Demons will work with one Human Companion. We will match them with only one human companion. Once you have purchased the demon's listing they will only work with you. You will receive the demon's name, sigil and Enn, do not share these with others. If you choose to share your demon's name and information with others that is your choice, but the connection is between you and the demon.

We do not give the names of the demons out for peace of mind. We suggest not sharing the name of your demon with anyone. Though the demon themselves cannot be bound or trapped, if someone knows their name, it just gives you peace of mind if someone tries to speak for your demon yet they cannot reveal their name.

Your demon is working with you and you alone. Your demon also is an Outer Spiritual World Demon God and cannot be bound, trapped or imprisoned by any spell or ritual here.

If you say things like you trapped our demons or you can connect with them after the visit we will know that you are lying. We know our demons, we know where they are and they cannot be trapped. It shows a complete lack of understanding for the Outer Spiritual World Energies and the Outer Spiritual World Demons.

The Demons are incredibly powerful and you might be able to pick up on residual energy from the visit. This is very different than having the demon there. It is like if someone showed up at your house and they were wearing perfume and it was strong perfume so you can still smell it after they leave. Energies from the Outer Spiritual World are incredibly strong. This energy will dissipate on its own over the next few days, if it bothers you please feel free to cleanse it from your space.
